DETAILED ACTION

MPEP 713.04 Substance of Interview Must Be Made of Record

A complete written statement as to the substance of any face-to-face, video conference, electronic mail or telephone interview with regard to the merits of an application must be made of record in the application, whether or not an agreement with the examiner was reached at the interview. See 37 CFR 1.133(b), MPEP § 502.03 and § 713.01.

37 CFR 1.133. Interviews

(b) In every instance where reconsideration is requested in view of an interview with an examiner, a complete written statement of the reasons presented at the interview as warranting favorable action must be filed by the applicant. An interview does not remove the necessity for reply to Office actions as specified in §§ 1.111 and 1.135.

37 CFR 1.2. Business to be transacted in writing.

All business with the Patent and Trademark Office should be transacted in writing. The personal attendance of applicants or their attorneys or agents at the Patent and Trademark Office is unnecessary. The action of the Patent and Trademark Office will be based exclusively on the written record in the Office. No attention will be paid to any alleged oral promise, stipulation, or understanding in relation to which there is disagreement or doubt.

1. The reply filed on 27 November 2002 is not fully responsive because it fails to include a complete or accurate record of the substance of the 14 November 2002 interview. Specifically, the request merely states that the applicant's representative has agreed with the examiner's position that claim 14 is patentable over the prior art. But,

Application/Control Number: 09/101,508

Art Unit: 3641

as indicated by the MPEP and Patent Rules, such a response is insufficient. Moreover, while the attorney responded to the interview within 2 weeks, this examiner has only received the response on 7 January 2003. It is impossible (and not in accordance with the Patent Rules) for the examiner to remember the substance of an interview that took place nearly 2 months ago. Moreover, the reasons for allowance set forth by the examiner seem to contradict those set forth by the applicant. Additionally, although the interview record does not have to be repeated verbatim and to perfection, the examiner thinks it would be in the applicant's best interest to be as detailed as possible so that the examiner may have a complete record upon which to make a decision. Since the above mentioned reply appears to be *bona fide*, applicant is given a TIME PERIOD of **ONE (1)**MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME LIMIT MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Troy Chambers whose telephone number is (703) 308-5870. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael J. Carone, can be reached at (703) 306-4198.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 306-4177. The fax phone number for the organization where this application or proceeding is assigned is (703) 306-7687.
